

# Privacy Policy

**Effective Date:** June 4, 2025

**Last Updated:** June 4, 2025

CheckmyID is an identity document scanning and verification app developed by **Risk Group Pty Ltd** as a companion tool for **Validex.com.au**. We are committed to protecting your personal information and respecting your privacy.

## 1. Purpose of the App

CheckmyID is used to:

- Scan and verify government-issued identity documents (e.g., passports, driver's licenses)
- Support identity verification for users who receive authentication codes from Validex.com.au

## 2. How the App Works

- The user starts a verification session using an authentication code from Validex.com.au
- The app uses the device camera to capture an image of the identity document
- AI and OCR are used to extract document data
- Data is securely transmitted to Validex backend services, which interface with the Australian Government Document Verification Service (DVS)
- Verification results are sent back to Validex.com.au

## 3. Data Collection & Usage

We only collect personal data required to perform document verification.

- **Collected Data:**
  - Captured image of your identity document (temporary)
  - OCR-extracted identity information (name, document number, DOB, etc.)
  - Validex-issued authentication code (to initiate and track the session)
- **Data Usage:**
  - Identity data is used solely for verification purposes
  - Data is not stored on the device after the session ends
  - Data is not sold, shared, or used for marketing
  - Verification results are returned to Validex only

## 4. Data Retention & Security

- Data is securely transmitted via encrypted HTTPS channels to Validex
- Identity data is not retained by CheckmyID
- Validex may temporarily store verification data in compliance with Australian legal requirements
- We do not use analytics, advertising, or profiling

## 5. User Permissions

To function properly, CheckmyID requires:

- Camera access: to scan your identity document
- Users are prompted for permission before any access

## 6. Children's Privacy

CheckmyID and Validex are not intended for anyone under 18 years of age. We do not knowingly collect personal data from children. If we become aware of such collection, we will delete the data immediately.

## 7. User Control and Consent

- Verification sessions can only be initiated by entering a Validex-issued authentication code
- This ensures users have full control over when and how their identity is verified

## 8. Data Safety and Compliance

- CheckmyID follows Google Play's Data Safety policies
- All processing aligns with the Australian Privacy Act 1988
- We follow the Australian Government guidelines for identity verification and the Australian Privacy Principles.

## 9. Contact Information

**Validex** and **CheckmyID** are trademarks of Risk Group Pty Ltd.
